DULARA SASANKA

Junior Software Engineer

+94 71 365 2789
dularasasanka8@gmail.com

PROFESSIONAL SUMMARY

Enthusiastic Junior Software Engineer with hands-on experience in **Laravel, PHP, React, and full-stack development**. Recently completed an industry internship contributing to a **POS system**, focusing on **Purchase Order (PO) and Goods Received Notes (GRN) modules**. Skilled in database management, REST API integration, and collaborative software development. Seeking opportunities to contribute to innovative web applications and grow as a software engineer.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, PHP, HTML, CSS, C#
Frameworks & Libraries: Laravel, React.js, Node.js, Express.js
Databases: MongoDB, MySQL
Tools & Technologies: Git, REST API Development, Database Integration
Soft Skills: Team Collaboration, Problem Solving, Adaptability, Communication, Leadership

---

PROFESSIONAL EXPERIENCE

Software Engineering Intern
Ekrain Technologies & Solutions (PVT) LTD – Kurunegala, Sri Lanka
Sep 2025 – Mar 2026

- Contributed to the development of a POS system using Laravel, focusing on Purchase Order (PO) and Goods Received Notes (GRN) modules.
- Developed backend features and integrated database functionality for the POS system.
- Built a Task Management System during the internship using the MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Implemented task creation, editing, and status tracking features.
- Integrated backend APIs with frontend components for seamless functionality.
- Collaborated with team members using Git version control and tested application features.

Intern – Final Year Project
Auso World (PVT) LTD – Western Province, Sri Lanka
Mar 2025 – Jun 2025

- Developed the POS modules for a Restaurant Management System.
- Worked on backend features including Purchase Orders (PO) and Goods Received Notes (GRN).
- Integrated database functionality to support restaurant operations.
- Collaborated with team members to design, implement, and test system features.
- Ensured smooth interaction between backend APIs and frontend components.

School Leaver Trainee
Bank of Ceylon – Melsiripura, Kurunegala
Jun 2022 – Dec 2022

- Assisted with front office and back office banking operations.
- Provided customer service and handled documentation professionally.
- Maintained punctuality and adherence to workplace standards.

EDUCATION

Higher National Diploma (HND) in Information Technology
Sri Lanka Institute of Advanced Technical Education (SLIATE), 2023 – 2025

GCE Advanced Level (A/L)
KU / Dodangaslanda Central College, 2018 – 2021

PROJECTS

Task Management System (MERN Stack)

- Full-stack web application with task creation, editing, and status tracking.
- Built **REST APIs using Node.js and Express**.
- Database managed with MongoDB.

POS System Module Development (Laravel)

- Developed **Purchase Order (PO) and Goods Received Notes (GRN) modules**.
- Integrated backend logic with database for real-world POS functionality.
- Ensured proper data validation and system reliability.
